Bjorn Stormursson was the leader of a group of Skelligan pirates, with him and his crew having set out on an endless voyage presumably in search of something, though what is never specified.[1]

Bjorn also seemingly promised his daughter, Gudrun Bjornsdottir, to the gods of Skellige for their favor in battle, though Gudrun refused to be bound by vows she did not make, instead opting to become a pirate captain herself.[2]

- The "Little Bird" card in *Gwent: The Witcher Card Game* paints Bjorn as a possible explanation for his daughter's absence from Novigrad by the time of *The Witcher 3: Wild Hunt*, claiming that Gudrun left in fear of him coming to Novigrad in search for her.[3]
